Obesity Clinic

Dr Mark Churcher runs an obesity clinic from this practice each Thursday morning. This service provides co-ordinated care for patients struggling with obesity, providing support and advice and referring on to other health professionals where appropriate, such as dietitians, pharmacists, diabetes educators and obesity surgeons. To book an appointment for the Obesity Clinic, phone 5327 0420.

Results

Patients are requested to phone reception or schedule an appointment to receive their test results. Patients will be asked to confirm their name, address and date of birth for privacy reasons prior to being given test results over the phone. Results will only be released directly to a patient or to the legal guardian or medical power of attorney of a patient; results will not be released to family members.

Phone and Email Correspondence

To provide the highest quality and safety of care for our patients, our GPs prefer to see patients to discuss their health care. Phone and email messages will be passed on to our GPs where appropriate.

Recall and Reminder System

UFS Medical has a recall and reminder system in place for all patients requiring follow up appointments for immunisations, Pap tests, health assessments and care plans. Please advise your doctor if you do not wish to be included in this service.
